

BONUS SHOWCASE AWARDS

Awards for Excellent Performance = Scholarship \$\$\$!

The **DESIGN CHALLENGE SHOWCASE** marks the end of the semester and offers a perfect opportunity to acknowledge individual team accomplishments in a variety of areas; primary of which are Best Of designations for Poster, Model and Oral Presentations. Because a "Best Of" showing requires additional high-level work, these awards make up the competitive component of program participation. Showcase Awards are provided directly to the team as Scholarship Funds and are therefore, not restricted in manner of use.

Depending on the caliber of team deliverables, winners may surface in any number of additional categories – adding up to a respectable scholarship award. Previous semester awards have been given for Best Team Website, Best Team/Project Documentation, Best Paper, Best Field Experience Documentation - - to name a few. Evaluation takes place throughout the semester – so turn in your best effort and reap the cash!

**Congratulations
Travis, Jason, and Michael !!**

CONGRATULATIONS!
