NOTES AND RECOMMENDATIONS

- The team’s “Internet Presence” will be a “for public view” creative effort of the team’s own making that profiles the team and its work. Usual discretionary measures regarding graphics, language, political or religious philosophies, etc. apply. Efforts may be “password protected” but must be made available for viewing among all currently participating Design Challenge teams.

- To qualify for the award, the team will develop an internet presence and submit a “Option III Report” by the deadline specified. The report should include a “snapshot” of the first page of the site and note the URL. TSGC will evaluate the site to determine whether or not it incorporates enough information to qualify for the award.

- * For consideration of a Showcase Bonus Award– complete and submit report by the deadline indicated in the Semester Timetable.
- ** Complete all three Option Areas and earn a total of \$400 PLUS a matching \$400 Scholarship.
