Have you ever been asked by your students who looked up at the starry sky and wondered:

Why is the Moon changing?
What else is up there?
Are we alone in the Universe?

If you did, we will help you to find answers while learning about various topics in Astronomy.
Just to name a few:

Viewing the Night Sky
Phases of the Moon
Solar System Inventory and Formation
Small Bodies in the Solar System
Our Sun and Life cycle of a Stars
Galaxies
Electromagnetic Spectrum
Viewing the Night Sky

You will receive a night stay on South Padre Island for stargazing. You will also take home a spectrometer, a pair of binoculars or a GalileoScope, a starwheel and other educational supplies.
